OCTOBER- SAVE THE DATE!

The flu clinics are coming!

In our effort to provide access to the seasonal flu vaccine, the Nashoba Associated Boards of Health (NABH) in conjunction with your local board of health, will be providing flu clinics throughout the district in the month of October. Therefore, there will be NO regular blood pressure clinics held during this month. Our clinics are open to everyone.

Our goal is to vaccinate as many residents as possible. We are extending our clinic times to allow time for residents of housings to be bused to and from the clinics. This year we ask your support in helping us coordinate transportation. Upon referral, we will continue to vaccinate any resident who is homebound and unable to attend the offered local clinics. We are also planning regional flu clinics to be held in the schools which are open to the general public. The draft of clinic hours in your town is enclosed.

There is no cost for the vaccination but some insurance plans allow us to be reimbursed to cover supplies and our administration costs. Residents are asked to bring their insurance cards/information.

We thank you for your continued cooperation and look forward to working with you to promote healthy communities.

Carol Horgan, LPN
Community Health Manager
